

FREE SLCP Training for Beginners

Bangladesh, May 2024

Dear Facilities

The Social & Labor Convergence Program (SLCP) is pleased to announce some special training opportunities for new-to-SLCP facilities in Bangladesh this May. These bespoke **free of charge** training events are for facilities in Tier 2 or Tier 3 of the textiles industry, or facilities in the non-apparel sector, who have not already completed an SLCP assessment.

Who are we?

SLCP aims to improve social and labor conditions in global supply chains by reducing the number of social and labor audits in facilities. Together with key stakeholders from the apparel, textile, and other industries, we have built a tool and system to gather facility social and labor data that can be shared with multiple business partners. **Over 80 brands and retailers accept SLCP verified data.** This reduces audit fatigue, enables data comparison, and frees up resources for improvement programs.

Join one of the following FREE training sessions to hear more about the benefits of SLCP and how to get started. You will also hear some case studies from brands who accept SLCP assessments.

Who should attend?

We are inviting **tier 2, 3, vertical and non-apparel** (including home textiles, luggage/bags, hard goods and other industry sectors) facilities and manufacturers who have not already completed an SLCP assessment to attend these trainings. These events are designed to support new sectors and deeper supply chain partners and demonstrate how SLCP can benefit their businesses.

We look forward to welcoming you into our trainings. Guarantee your spot by registering today!

Warm regards,
The SLCP Team
