

Sharing SLCP verified data from FFC or ILO-BW to Higg

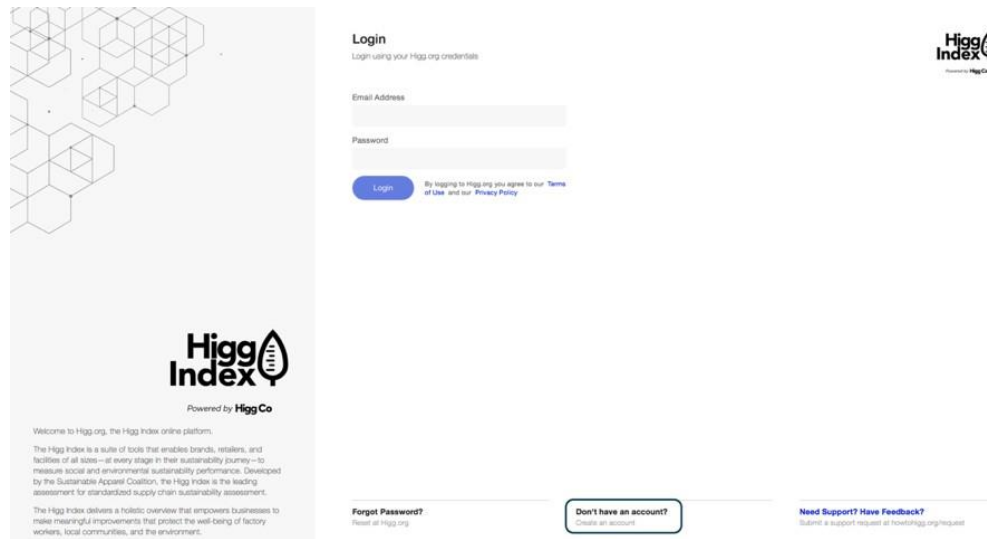

This document explains the process that is to be followed to transfer SLCP verified data from FFC and/or ILO-BW to Higg. Once shared with Higg, a facility can use SLCP verified data to obtain vFSLM scoring and/or share their verified data with business partners via the Higg platform.

Overview of the process:

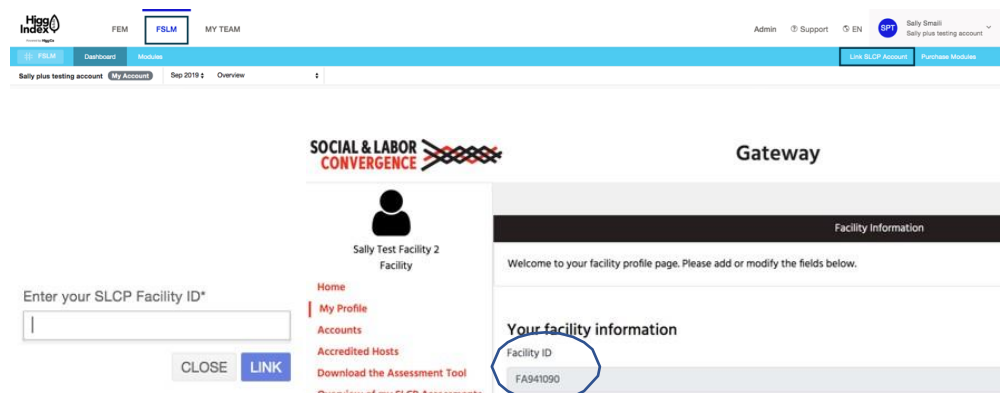

1. Create a Higg Account

- 1) Facility creates their account on the [Higg.org](https://higg.org) platform.
 - Click [here](#) for more specific guidance.

2) Link to the SLCP Gateway

- In your Facility Profile on the Gateway, you look up your Facility ID.
- In your FSLM Profile on Higg, you include your Gateway Facility ID. Click “Link SLCP Account” button in the blue bar to enter your Gateway Facility ID and connect Higg with the SLCP Gateway.

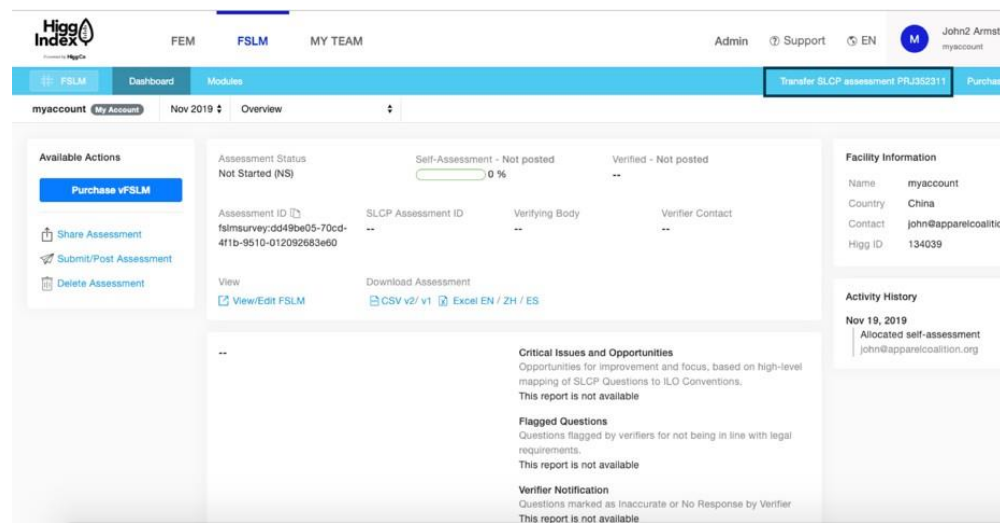

3) Transfer your SLCP assessment

You will receive an email from Higg which requires you to complete the transfer from the SLCP Gateway to the Higg platform.

SLCP transfer is pending. Login to portal.higg.org to complete the transfer.

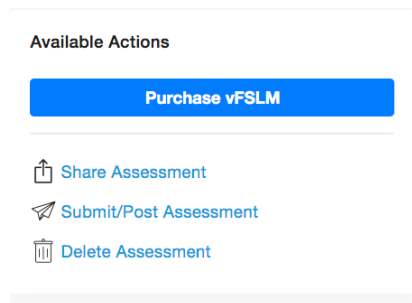

Unsubscribe - Unsubscribe Preferences

Login to your FSLM account from that email and then click “Transfer SLCP assessment” button on FSLM home.

4) Purchase vFSLM

- Go to your FSLM profile:
 - If you’re an SAC member, [contact Higg](#) to allocate the vFSLM module for you.
 - If you’re not an SAC member, you must purchase the vFSLM in order to transfer the SLCP verified data from the SLCP Gateway to the Higg platform. You will see the vFSLM purchasing option under “Available Actions” tab.

5) Access to SLCP data on Higg

- You can go to “My Modules” or “All Modules” tab on Higg to view your finalized and verified FSLM data.
- Click “Actions” tab to see the data reviewing and exporting options.

- Once done, you can see the SLCP project (assessment) ID in your FSLM profile.

The screenshot shows the 'All Modules' interface in the FSLM system. At the top, there are navigation tabs for 'FSLM', 'Dashboard', and 'Module', along with a 'Purchase Module' link. Below the navigation, there are buttons for 'Share module', 'Request / Accept modules', 'Download Bulk CSV v1', and 'Download Bulk CSV v2'. The main content area is a table with the following columns: Year, Account Name, Country, Tags, Higg ID, Status, Self, Verified, and Actions. The 'Actions' column is highlighted with a red box. The table contains one row with the following data: Year: Apr 2019, Country: China, Tags: Enter a new tag, Higg ID: VSP, Status: Verified/Practiced. The page also includes a sidebar with 'All Modules', 'Receive Modules', and 'Share your Modules' sections, and a footer indicating '1 - 1 of 1 items'.

Year	Account Name	Country	Tags	Higg ID	Status	Self	Verified	Actions
Apr 2019		China	Enter a new tag	VSP	Verified/Practiced			***
