SLCP Signatory Charter

February 2024

Manufacturers, Brands & Retailers, Agents

Commitment

As a signatory to this SLCP Charter, we commit to:

1. the mission of the Program, and to support the delivery of its aims;
2. encourage supply chain partners to become SLCP signatories and contribute to the mission of the Program;
3. where relevant and available, accept SLCP assessments instead of proprietary social audits and/or nominated assessment schemes;
4. develop a roadmap to drive convergence and increase adoption of SLCP's Converged Assessment Framework (CAF) (the assessment tool and verification methodology) in our business and/or supply chain;
5. use the CAF and share SLCP assessments among business partners as an input to perform human rights due diligence and improve working conditions;
6. respect the principle of true data in SLCP assessments by recording and accepting honest data, and by prioritizing remediation over punishment;
7. redirect resources freed by the savings generated by converged assessment into activities which directly benefit workers and their communities;
8. embrace the principles of inclusiveness, collaboration on equal terms, and collective ownership of the SLCP CAF and mission among signatories to this Charter;
9. support SLCP's multi-stakeholder governance and follow engagement rules as laid out in the SLCP Governance documents;
10. contribute to continuous improvement of the CAF and CAF process, with the understanding that the CAF is owned by SLCP and is publicly available.

Undertaking

Within 12 months of signing, we will produce an internal roadmap/action plan to promote and implement SLCP Converged Assessments in our supply chains/business, setting clear targets and timelines.

Each calendar year, we will share our high-level plans with SLCP (e.g. via the signatory survey and facility nominations if requested) and we will report progress against our internal targets to SLCP, including: our levels of adoption of the SLCP Converged Assessment Framework (CAF), and our actions to support the specific aims of the SLCP.

We will engage with other signatories and stakeholders to address social & labor issues revealed by SLCP assessments and enable collaborative pre-competitive improvement programs. [JM1]
